NEW STILLS FOUND

After a couple of months during which no stills have been discovered in East Chicago or Indiana Harbor, the police got busy again yesterday and tonight. Steve Mason, with two good sized ones at 3651 Block avenue, the stills were not in use at the time the raid was made, but showed evidence of recent use. Steve pleaded guilty in the city court and was fined \$100 and costs and given a sentence of 45 days. But Frank Gracie and Henry Arnsdorf, who were in the house were released.

SHREK & CO. GET JOB

The East Chicago board of works yesterday awarded the contract for the improvement of Gannett court to Shrek & Co. at the price of \$2,344.33. The only other bid was that of the Public Construction company at \$2,421.75. The primary assessment roll for the Alexander avenue pavement was approved and the street commissioner was instructed to sprinkle Todd avenue from 14th street to Chicago avenue twice a day.

SCOUTS FEAST ON CHICKEN

The East Chicago Boy Scout band met last night at the Phillips hotel, where they made plans for the coming year, during the time they were feasting on a chicken dinner. About 30 were present and after they had eaten all that went with the chicken, they arranged for their first practice meeting of the fall season to be held next Friday night. Indications point to a bigger and better band than ever.

BEGIN FALL SEASON

The Congregational Men's club will begin the fall season by injecting politics into their meetings and in order to avoid partisan politics will devote three meetings to political speeches one by each of the political parties which are now in the field. The first meeting on Oct. 4 will be given to the democrats, the second on Oct. 18 to the republicans and the third on the night before election, Nov. 1 to the Farmer-Labor party.

CANDIDATES ADDRESS WOMEN

The League of Women voters last night had the East Chicago city council chamber packed when they held a meeting at which each of the candidates for county prosecutor spoke. W. J. Murray, E. M. Kinder and H. E. Granger each made a short talk to the gathering, which was composed of both men and women of all parties.

Following the speeches, Mrs. Floyd, county chairman of the league, placed each of the candidates on record as to their stand for women suffrage, each one asserting that he is ardently for suffrage.

SEEK ALLEGED DESERTER

The East Chicago police have been asked by the Adjutant General's office to aid in the apprehension of John Chubanchik, who deserted from the United States army on July 7, at Camp Dix, N. J. The young man, who is 22 years old, enlisted at Hammond on June 2, 1915, and the records show his address as 4344 Dekster avenue, East Chicago. There is no such street in East Chicago, but it is thought the address should have been either Olcott or White Oak avenue.

SMALL LOOT FOR THIEVES

The soft drink vendor of John Hyzy, 3937 Carey street, Indiana Harbor, was broken into last night through a side window and the thieves got away with seven boxes of cigars, six cartons of cigarettes and \$1.50 in pennies.

A new plan is being adopted for the mid-week meeting at the United Presbyterian church. Heretofore we have studied separate portions of the scriptures. Beginning with this week we will take up a consecutive study of the New Testament and its teachings under the direction of the pastor. The first part of the meeting will be taken up in devotional services and the last half in a careful study of a New Testament book. Wednesday evening at 7:30 the first of the series will begin using the Gospel of Matthew. If you are interested in a careful Bible study plan to attend this very important session. We meet every Wednesday evening in the lecture room of the church, corner of 135th and Hemlock streets.

The supper announced by the Baptist ladies will be held this coming Saturday October 20, in the social rooms of the church. A preliminary notice announced it Friday which was an error. Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified castor oil shampoo, for this is pure and entirely greaseless. It's cheap and beats anything else in all boxes. You can get Mulsified at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulsified—Adv.

TURBULENT WEEK-END FOR OLD IRELAND

By DANIEL O'CONNELL

[STAFF CORRESPONDENT I. N. SERVICE] DUBLIN, Sept. 27.—One of the worst outbreaks of violence in the turbulent history of Ireland occurred over the week-end. Reports of disorders were received from all sections of the country today.

At least three persons were killed and many were wounded, in a few reign of terror at Belfast. Part of the business district of the city was sacked by mobs. Troops in armored cars were restoring order at latest reports.

A bomb was exploded at Cork, where 11 Sinn Fein hunger strikers are slowly dying in jail. A dry goods store was wrecked, but it is not known if anyone was killed or wounded.

Three more Irish towns were shot up by policemen—Athlone, Ballinacorney and Galway.

The damage in Athlone, Ballinacorney and Galway was not as great as at Fairbairn. The policemen contented themselves with smashing windows and furniture and discharging revolvers and hand grenades in the streets. Some business properties were destroyed by exploding bombs.

Force fighting was reported from Trim in County Meath. The police barracks were attacked and the police men were finally compelled to surrender. The barracks were then set on fire.

Near Bradford a policeman was ambushed and shot. Another official, acting "president of the Irish republic," writing in "Young Ireland," charges that Unionists in Ireland, plan a week of rioting and attacks against Sinn Feiners.

IMMIGRANTS CAUSE LABOR PROBLEMS

By MILDRED MORRIS

[STAFF CORRESPONDENT I. N. SERVICE] ANTHONY, Sept. 26.—Serious industrial problems will arise if immigration continues at its present rate, labor leaders and immigration officials warned.

American Federation of Labor officials charged that industrial concessions and railroad companies seeking to overwork the labor market, reduce wages and lower working standards, are luring workers from Central Europe by organized propaganda.

Secretary Frank Morrison announced he will ask the state department to investigate the reports that such propaganda in the form of advertisements describing in exaggerated terms, labor opportunities here, is being circulated throughout Central Europe and whether this is not chiefly responsible for the overflow of arrivals at Ellis Island.

Within the next few months the country will be flooded with immigrants unless more drastic restrictions are imposed, Morrison predicted.

In the opinion of Assistant Secretary of Labor Louis E. Post, further restrictions cannot be imposed.

Timing open of the unused pre-empted public lands and diversion of the immigrant from the factory to the farm, was the solution advocated today in an interview.

"The American Federation of Labor has ground for alarm," Mr. Post said. "There may be 200,000 immigrants within the next year, there may be more or there may be less; no one can say how large the number may be."

"If they continue to come in at the present rate we will be confronted by serious problems."

"I sympathize with the American Federation of Labor, but I do not believe immigration can be restricted beyond present limitations."

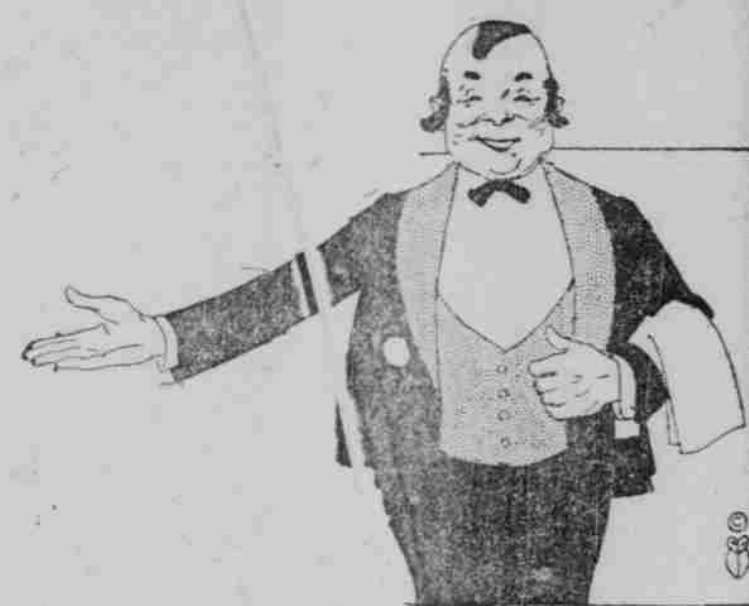

Most of the immigrants now coming in are from Central Europe. The largest number of them are from Poland and Italy. Immigrants from both these countries make good farmers.

"There is no immigration to speak of from Great Britain or France. Undoubtedly there will be a big rush from Germany if the peace treaty is ratified. We are told we may expect a large immigration from Holland. The Dutch immigrant takes care of himself. He settles on the farm without encouragement and brings enough money to buy land."

Another Warning

Chew your food.

Most people swallow their food and expect the stomach to do the chewing.

The stomach has no teeth, therefore it does not chew.

Its function is to churn and prepare the food for the more delicate process of digestion.

Unless the teeth have masticated the food, the stomach will not perform its task properly and the

food decomposes in the intestines, eventually causing auto-intoxication. Bright's disease or arteriosclerosis.

Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief,—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst operations by taking Lydia E. Pinkham's Vegetable Compound.

These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring me sickens on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—LILLIAN THAYER, 824 South 6th Street, Carrollton, Ky.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a testimonial."—MRS. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.
